

Returning a Kindle eBook Early

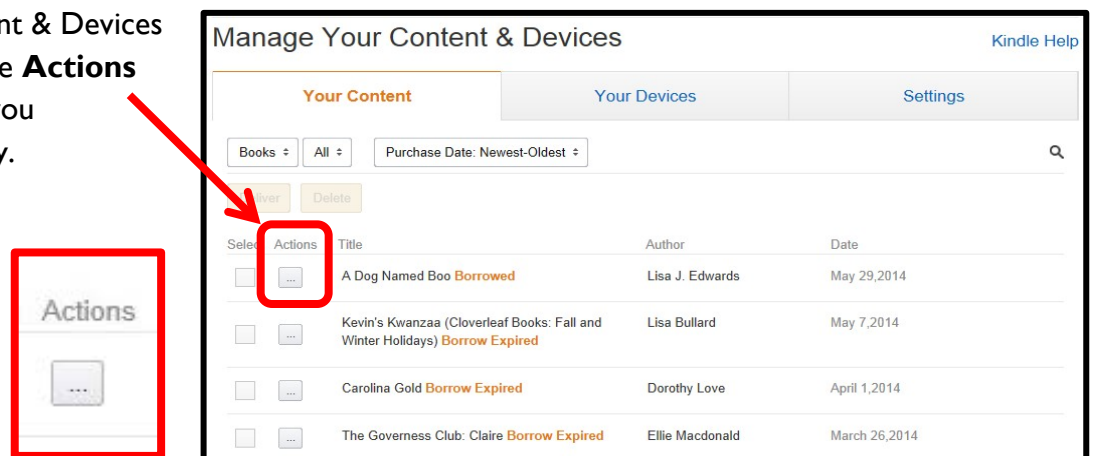

1. Go to the Amazon.com website.
2. Hover over Your Account on the right side of the page to display a menu. Click **Your Content and Devices** from the menu.

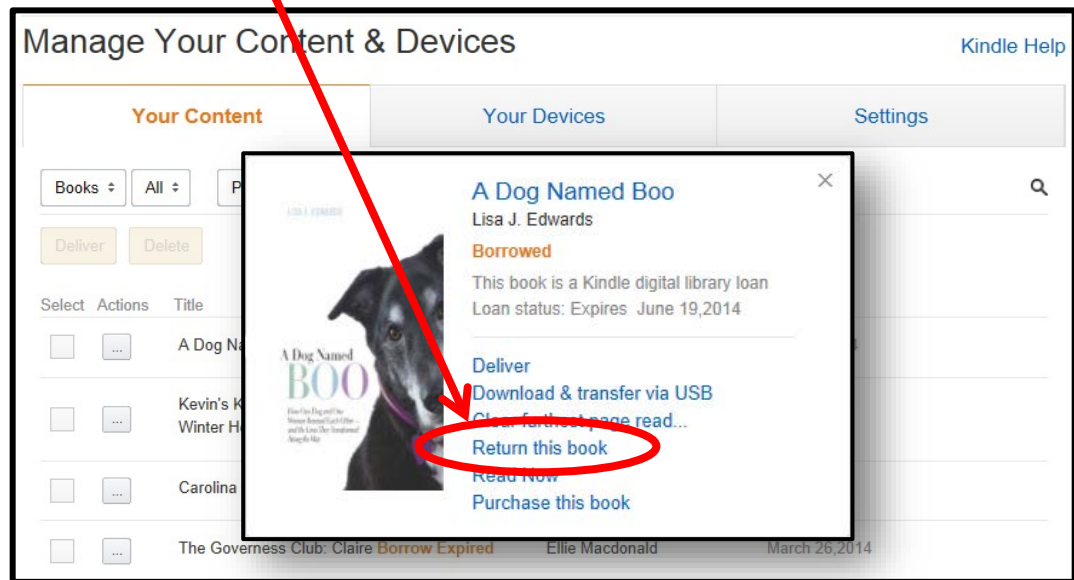

3. The Amazon Sign In page will display. Enter your email address and password. Then click the **Sign in** button.

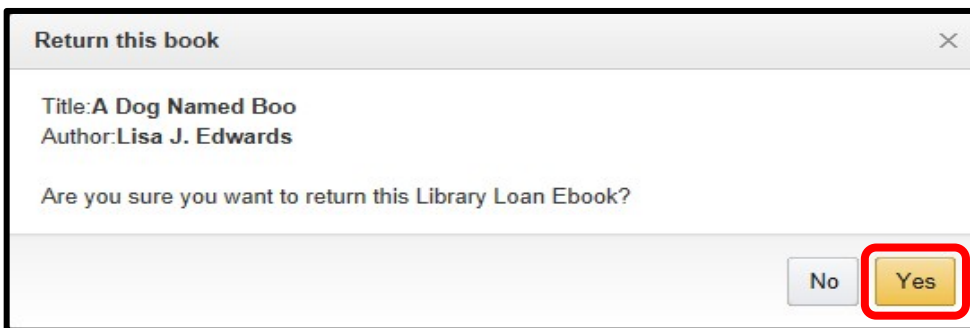

4. The Manage Your Content & Devices page will display. Click the **Actions** button for the title that you would like to return early.

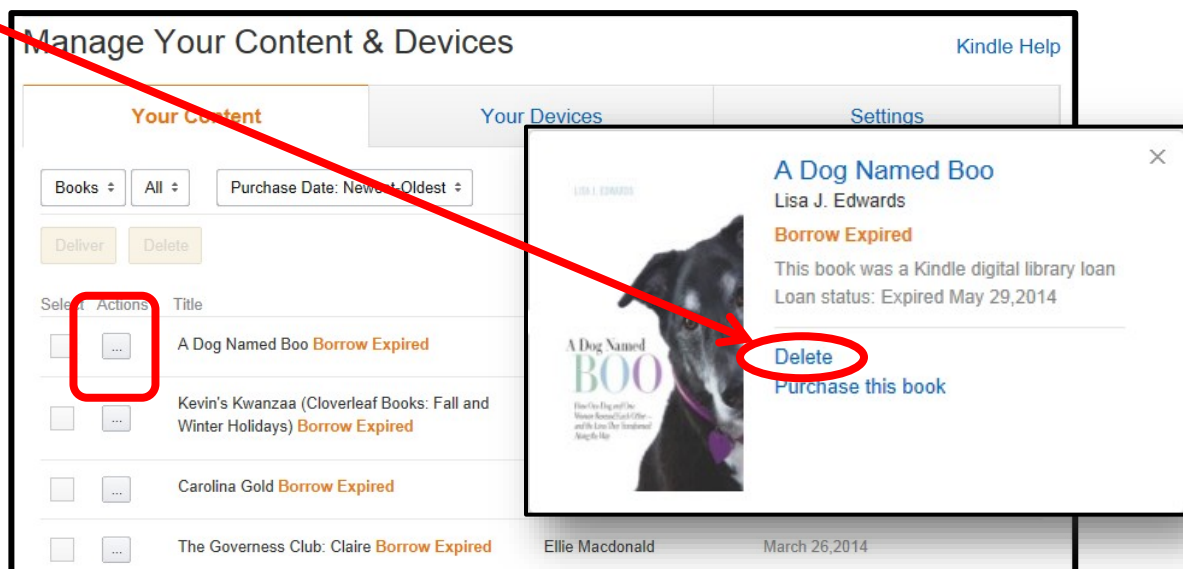

5. A menu will display. Click **Return this book** from the menu.

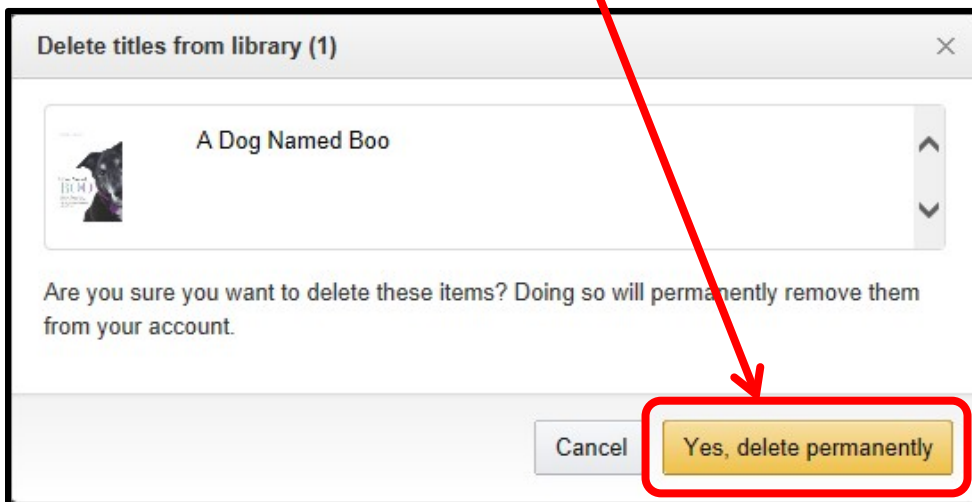

6. A Return this book confirmation window will display asking if you are sure you want to return the eBook. Click the **Yes** button.

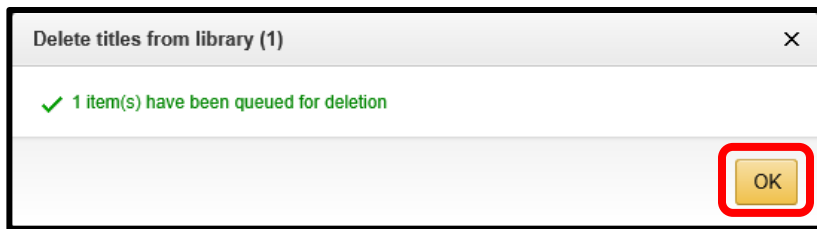

7. After the eBook has been returned, it will temporarily disappear from the Manage Your Content & Devices page. The next time you go to the Manage Your Content & Devices page, the eBook will display again. To permanently remove the title from this page, click the **Actions** button for the title. Click **Delete**.

8. A Delete titles from library window will display asking if you are sure you want to permanently delete the eBook from your account. Click the **Yes, delete permanently** button.

9. A confirmation window will display. Click **OK**.

10. The book should disappear permanently from Manage Your Content & Devices. Depending on your device, you might also need to remove the title from your device.
